

Retirement Celebration

Judy Haralson

Fresh out of high school, a budding Judy (Schorbahn) Haralson came to Northern Investment Company. Accepting the “temporary” position of secretary, Judy has blossomed into a “Judy” of all trades and has contributed to the company’s success in a variety of capacities. She has enjoyed working with her fellow employees and the MANY customers, both in the office and out at the auctions. Her “temporary” employment has paid off and after 60 years Judy is retiring. Her retirement will be filled with LOTS of good stories and treasured memories! We at NIC deeply appreciate her loyalty and value her friendship even more.

With good wishes and your story, please join us
